

# MANY GERMAN CITIES IN THE HANDS OF THE REVOLUTIONISTS

## PEACE IS HARDER TO WIN THAN WAR, SAYS CLEMENCEAU

Premier Greatly Affected When Senators Call Him Savior of France.

PARIS, Nov. 8.—Premier Clemenceau appeared for a moment last night in the lobby of the Senate after a sitting of that body which had declared him to have "deserved well of his country." It was the signal for an ovation to him. He was speedily surrounded by Senators.

"You are the savior of France," said one.

"No, no," replied the Premier, "it is the country which has done everything itself."

"Thanks to you," the Senators rejoined.

"No, I assure you," returned the Premier, "I have done my simple duty. Any one of you who loves France would have done as much. There are moments when the spirit of itself, rises within one."

Overcome with emotion, the tears coursed down his rugged countenance, which so many violent storms in the past had left impassive.

"Gentlemen, I thank you," he finally said. "I did not deserve so much honor as you have done me. Let me tell you that I am proud that you have associated my name with that of Marshal Foch, that great soldier who, in the darkest hours, never doubted the destiny of his country. He has inspired every one with courage and we owe him an infinite debt."

"Gentlemen, we are now coming to a difficult time. It is harder to win peace than to win the war. We must not let France resume the place in the world of which she is worthy. More than ever must she be disciplined and strong. I have confidence in her."

Then, pushing his way through the circle, the Premier said: "Will you allow me to return to my task?"

France knows at last that triumph has come and gives rein to its unreserved joy.

## The Dawn of a Happy Tomorrow

Gone are the black days of doubt and dread. The thing bent on the oppression of the world is forever crushed. In our gratitude to our boys "Over There" and the fine, brave fellows with whom they fought, we naturally turn to music.

THEY ARE safe—our loved ones—and they have made the world safe at last.

LET THE GLAD voice of music fill your home with rejoicing—the wonderful music of the New Edison.

HAVE YOU heard this super-phonograph? Why not come in tomorrow afternoon and ask Mr. Bradley about Special Thanksgiving Terms?

PRINCE HENRY, IN FLIGHT, FIRED ON BY MARINES.

COPENHAGEN, Nov. 8.—Prince Henry of Prussia, brother of Emperor William, left Kiel on Wednesday in an automobile flying a red flag, the Schleswig Volks Zeitung states.

He was pursued by marines, who fired a dozen shots at him, the newspaper adds.

Prince Henry had arrived at Flensburg, in Schleswig, after his escape from Kiel. His chauffeur was wounded by the marines, who fired upon the Prince.

[Prince Henry of Prussia is Commander-in-Chief of the German Navy and the only brother of the German Emperor. In 1902 Prince Henry visited the United States, spending one month here. Revolutionaries have cut the North German Railway line south of Flensburg in Schleswig-Holstein. This breaks communication from the north with Hamburg.]

AMSTERDAM, Thursday, Nov. 7 (11 P. M.).—The great German maritime port of Hamburg is completely in the hands of the revolutionaries, according to reports from Hamburg newspapers printed by the Cologne Gazette. The red flag is flying on all ships in the harbor.

The headquarters of the Commander of the port has been occupied by the Soldiers' Council after exciting occurrences in which machine guns were used.

All kinds of excesses took place in the neighboring city of Altona. The Port Commander there agreed to all the demands submitted by the Soldiers' Council.

The Cologne Volks Zeitung says the revolution at Bremen was effected in two hours. The marines enticed the soldiers to join them, after which a meeting was held. This assembly demanded the creation of a social democratic republic. Women joined with the marines in opening the prisons. Order is being maintained by the marines.

[Bremen is next to Hamburg, the principal maritime emporium of Germany. It is situated on the Weser River, 59 miles southwest of Hamburg. Its pre-war population was about 170,000. Schwerin is the capital of the Grand Duchy of Mecklenburg-Schwerin and is situated on the west side of Lake Schwerin, 25 miles southeast of Luebeck. Its population in 1900 was about 35,000. It is a city of East Prussia. It lies on the left bank of the Niemen River, 60 miles northeast of Königsberg. Its population is about 35,000.]

COPENHAGEN, Thursday, Nov. 7.—The Vorwaerts of Berlin publishes a new proclamation to German workmen by the Social Democratic Party in which is emphasized the party's firm intention to secure full democratic liberty for the German people. The proclamation says, in part:

"All those who, through unwise policies, caused this calamity to come upon our people must resign their posts. All necessary measures are being taken to this end. No exception will be made of any person, however highly placed."

Workers at Home Helped Victory, Says Hurley.

PHILADELPHIA, Nov. 8.—Peace with victory could not have been made possible without the patriotic efforts of the workers at home, said Chairman Hurley of the Shipping Board last night at an entertainment and reception here given by Director General Schwab for employees of the Emergency Fleet Corporation.

## RAINBOW DIVISION FIGHTING FIERCELY IN SEDAN STREETS

Upton Troops of 77th Are Pressing Germans Steadily Back—Heroic Regulars.

LONDON, Nov. 8.—The pursuit of the fleeing Germans in France and Belgium continues all along the line. The greatest gains up to early today had been made by the French, who yesterday pressed on for ten miles at points directly menacing the German center communications. More than 100 villages were freed from the enemy.

The Americans are throwing bridges across the Meuse at Sedan, the western section of which they hold. It was the famous Rainbow Division, of which the old 69th New York is a unit, that took the city. It also is permissible to state today that it was the 5th Infantry, regulars, of the American Army, which swam the River Meuse, waded through three-quarters of a mile of swamps, swam the Meuse Canal, clambered up its precipitous banks with ropes on grapple hooks, and defeated the Germans Monday.

The Americans not only are in Sedan, but they have made a big jump forward toward the great Briey iron fields, which the Longuyon line protects. Longuyon has been under fire of American naval guns for several days.

British forces are continuing their progress along the Franco-Belgian battle line. Northeast of Valenciennes, according to Field Marshal Haig, they have reached the outskirts of Quivrain and Crespien, close to the Belgian border.

American troops from Ohio, under the command of Gen. Farnsworth, played a great part in the relief of the city by an attack on the Eecke salient, sixteen miles southwest of Ghent, which was taken by storm Tuesday.

FAMOUS RAINBOW DIVISION WAS THE FIRST IN SEDAN

WITH THE AMERICAN ARMY ON THE SEDAN FRONT, Nov. 8 (4:30 P. M.). (Associated Press.)—The matter of peace negotiations failed to slow down in the slightest degree the operations along the front yesterday. The news that Germany has taken definite steps to secure an armistice reached advanced headquarters, but was not accompanied by any orders affecting the big drive now in progress, and it is expected that the American line will be carried forward without pause.

With that part of Sedan resting on the western bank of the river occupied, the American Army is consolidating its positions and preparing for a further advance.

It was contingents of the noted Rainbow Division and of the 1st Division that made the final whirlwind dash into Sedan.

It is now permissible to mention the divisions which participated in the famous drive that cleared that part of France west of the Meuse occupied by the Americans.

It was the 2d Division which, operating at the center, made the strenuous push on the afternoon of the cable received by his wife. He is commander of Company B, 114th Infantry, 25th New Jersey National Guard division.

Thomas Stiles, No. 746 Springdale Avenue, East Orange, received word that his brother, Private Leonel R. Stiles, 113th Infantry, died of wounds Oct. 6. His parents live at Turks Island, West Indies.

A certified check for \$296 was taken from one letter and cashed, the police say.

## ABDICATION OF THE KAISER MAY TAKE PLACE TO-MORROW, BERLIN DESPATCH DECLARES

German Majority Parties Reported About to Demand Unanimously That the Emperor Quit.

LONDON, Nov. 8.—The German majority parties have held a final discussion on the question of Emperor William's abdication and will without doubt unanimously demand that he abdicate, according to a Berlin despatch to the Copenhagen Politiken, forwarded by the Exchange Telegraph correspondent.

The abdication, it is added, will probably occur to-morrow.

## FIGHTING STILL IN PROGRESS; BRITISH AND FRENCH BOTH GAIN

Haig Captures Five Villages, and French Advance on Right of Americans

LONDON, Nov. 8.—The British are continuing their advance along the active battlefield.

Field Marshal Haig to-day announced the capture of two villages in the region between Mons and Maubeuge.

French Troops Also Continue Their Advance.

PARIS, Nov. 8.—French troops resumed their advance along the whole front this morning. The War Office to-day reports that French units have reached the railway junction of Liart, about twenty miles north of Reims.

On the right, where the French line joins the American, the French have to-day captured Singly, less than eight miles south of Meuseles and Fresnois, about one mile west of Sedan. Fifteen hundred prisoners and much material were captured yesterday.

Artillery Active on American Front at Sedan.

WITH THE AMERICAN FORCES ON THE SEDAN FRONT, Nov. 8 (Associated Press).—Beyond artillery and machine gun fire, which was particularly active in the region of Sedan, there has been little to report from the battlefield since last night. No infantry action has been reported on any sector of the American front.

LONDON, Nov. 8.—Serbian troops have crossed the Danube into Hungary, where they have been received with the greatest enthusiasm, says an official statement issued by the Serbian War Office Thursday.

## M'ADOO ORDERS HARBOR STRIKERS TO RESUME WORK

Will Replace Them With Navy Men if They Refuse—Wage Demands Turned Down.

The strike of employees of tugboats and lighters in the harbor, which has been on since Wednesday, received a serious setback to-day, according to W. B. Pollock of the New York Central Railroad Company. He said this afternoon that Director General McAdoo had decided against the men and had instructed him to tell the strikers that unless they returned to work at 7 o'clock to-morrow morning men from the navy would take their places.

The strike has resulted in one of the greatest congestions of freight ever known in the port. It has been necessary to place embargoes on freight destined for New York, most of which is for the army and the Allies.

When the men struck for an eight-hour day and a wage increase the situation was taken in hand by the Railroad Board of Wage and Working Conditions and passed along for decision to Director General McAdoo.

Three hundred delegates, claiming to represent the 3,000 striking tugboat and lighter men, assembled this morning in White Eagle Hall, Jersey City, to wait for McAdoo's answer. A delegation was sent yesterday to Washington which presented the union demands to the Director General.

A number of the tugboat men returned to work yesterday, pending the decision from Washington, and it was said at the meeting that they would go out again if the answer were unsatisfactory.

Up to a late hour this afternoon the strikers had not received an official notice of the action of Director General McAdoo. A number of them who were told of Mr. Pollock's statement declared that if it were true, they would not return to work in the morning, leaving their jobs to the navy.

M'ADOO TO RAISE PAY OF RAILWAY TELEGRAPHERS

Average Advance of \$30 a Month Said to Meet Demands of Men Only in Part.

WASHINGTON, Nov. 8.—An order granting railroad telegraphers a general wage increase will be issued within a few days by Director Gen. McAdoo, it was said to-day at the Railroad Administration. The advance is said to average about \$30 a month.

The men's demands will be met only partially, it was stated. Reports that a strike of railroad telegraphers in the Southeast had been called for next Thursday unless higher wages were ordered reached the Administration and H. B. Perham, President of the Order of Railroad Telegraphers, through unofficial channels to-day.

Between 30 and 100 per cent. increase was the original demand of the Railway Telegraphers last July. The minimum wage now is \$120 a month. The promised advance will bring the pay of the telegraphers to \$150 a month. The increase is retroactive to July 1. Telegraphers of the International News Service and United Press Association have laid their wage demands before the War Labor Board. The average pay is now \$30 a week.

DENIES CROATIAN REPORT.

Jugo Slav Leader Says "Austrian Kingdom" Never Existed.

Swiss report that the Croatian Parliament in Zagreb, capital of Croatia and Slavonia, had declared that the Croats would join an "Austrian Kingdom" was denied here to-day by Dr. Bogum L. Vosenjak of the Jugo-Slav Committee.

"An 'Austrian Kingdom' never existed and does not exist to-day, but the Croatian Parliament undoubtedly declared for union with the ancient Illyrian Kingdom, a creation of Napoleon, which comprised the provinces of Carniola, Gorizia-Gradiška, Trieste, Istria and Dalmatia," he said. "In all these localities except Trieste, the Jugo-Slavs are in overwhelming majority."

FATHER OF FOUR IN WAR DEAD FROM GAS.

Thomas Gallagher, sixty, who roomed in the home of Mrs. Mary Fay, No. 319 Alexander Avenue, the Bronx, was found dead this morning, his room filled with gas. It is believed he turned the gas on accidentally last night. He had three sons in the army and one in the navy. The police are trying to get touch with the son in the navy, who is believed to be in New York.
